ECHOES OF THE **General Council**

Number 101 - May - June 2020

The General Council held its ordinary session from 18th May to 6th June, 2020 at the Casa Generalizia in Rome.

Since February-March 2020, the members of the General Council have remained confined to the Casa because of the health crisis which affected the whole world and which suspended all intercontinental travel. Faced with this new situation, new means of social communication have been much sought after to reach the Brothers and Laity of the Mennaisian Family present on the 5 continents. On this occasion, the General Council published, for this period, a new weekly link "Presence and Hope".

Even if the Internet links have not always been easy in all sectors of the Congregation, we must underline all the efforts of the Major Superiors, of the various Brothers and Lay leaders, of the Formators, to strengthen the links and stay close to each other. others, especially children and young people.

During this period, almost all countries have been affected by Covid-19, and some countries are still in the midst of an epidemic, we are particularly thinking of Latin America. The Province of Spain has so far been the most affected sector: 7 Brothers have died in the community of Bilbao. During these painful events, the whole Congregation lived a moving time of communion with our Spanish confreres. We will be again when a farewell ceremony is held in Nanclares during next Summer.

Now the coronavirus is part of our life and will continue to affect our daily life for several months, even years. There is no lack of concerns: vocations ministry, future events, financial resources (families, schools, congregation, etc.) more difficult the support of the General Council in the sectors. The planning of the animation of the Congregation has been disrupted. This report will echo this.

1. Animation of the Congregation

1.1 Theme of the year

The Echoes of the General Council last February made known the themes chosen for the next three years: 2020-2021, **«Sowing joy»**; 2021-2022, **«Serving Life»**; 2022-2023, **«Witnessing to Hope»**..

The first elements of animation have already reached the Provinces and Districts. Since the Pope wished to launch a year **«Laudato Si» (24th May, 2020 – 24th May, 2021)**, 5 years after the decisive encyclical letter which drew the world's attention to the increasingly precarious state of our common house. A document from the Dicastery «For the Promotion of Integral Human Development» was recently published, inviting the whole Church to «collaborate as instruments of God for the safeguard of creation, each according to his culture, his experience, his initiatives and his capabilities. » (Pope Francis).

The Major Superiors will shortly receive some guidelines for entering into this ecclesial dynamic.

1.2 Ad gentes Commission – Missionary experiences

The health situation has not made it possible to establish new contacts in Asia, or to continue those already initiated in Africa. But the General Council continues its effort of discernment to open new missionary pages.

Likewise, the search and dispatch of new young Brothers with missionary experience has been greatly disrupted, but remains a priority for the General Council.

1.3 International Commission of the Mennaisian Family

The mandate of the 6 lay people who belonged to the International Commission of the Mennaisian Family ended in February 2020. The General Council thanked those who have committed themselves during the last 3 years. Since then the sectors concerned have made their representatives known for the years 2020 to 2023:

Ana Victoria DRAPER for the Divina Providencia District
Françoise Le BRETON for the Province of Saint-Jean-Baptiste
John Bosco DDUNGU for the Province of Saint Teresa of the Child Jesus
Yvette MÉUS for the Province of Saint-Louis-de-Gonzague
Michèle HETU for the Jean de la Mennais Province
Bélén CORUÑA MOZO for the Province Nuestra Señora del Pilar

1.4 International Commission « Young Mennaisian Adults»

The General Chapter had asked to work on the creation of an *International Commission Young Mennaisian Adults* (21.e). This is officially established. As recommended by the General Chapter, the main mission of this commission is to promote fraternity on an international scale.

Bro. Lamy DESSALINES (Haiti)	Agathe Morel (France)

We thank the members for their availability. Brother James Hayes will be the leader of this Commission.

1.5 Animation Texts for the Brothers and the Laity

The situation of confinement did not allow to receive from the CIVCSVA, the official recognition of the **Statutes of the Association «Lay Mennaisian Associates»**. However the General Council decided to make known to the Congregation the computer file document of the new Reference Text of the Mennaisian Family, and the Statutes of the Association “Lay Mennaisian Associates”. Upon receipt of the response from the CIVCSVA, a printout of the new document will be made and sent to the Provinces and Districts.

During the February 2020 session, the new **Protocol of the Congregation for the Protection of Children** was approved by the General Council. It was presented to the CIVCSVA, and the latter simply acknowledged receipt of the document. As the opinion of the «Task Force» recently formed by the Pope, whose mission is to accompany the Congregations in the preparation of their Children's Protection Protocol is slow to come, the General Council therefore decided to publish their own. The text will be sent to the Major Superiors very soon to allow for the writing or rewriting of the Protocols of the Provinces and Districts.

The last Echoes of the Council mentioned the **Guide to the application of the charism**. Translations have been completed. All the elements, including the text «Mennaisian Education» (February 2018), will reach the various sectors to allow the formation and the animation of sessions of mission teams, heads of establishments, teaching staff.
