

7 - THE RULE OF LIFE

REVISION OF THE RULE OF LIFE

Due to the many changes brought by the previous General Chapters, particularly the suppression of the "regions", many passages of the Constitutions and the Directory of our Rule of Life had become obsolete.

The 2006 Chapter had initiated a revision. The 2012 Chapter, upon proposals made by the Committee in charge of the revision of the Rule of Life after the 2006 Chapter, brought that work to completion.

The new text of the Rule of Life is presently under study by the Sacred Congregation for Institutes of Consecrated Life and Societies of Apostolic Life, in Rome, for its approval. Then the new version of the Rule will be printed and will become our new Rule of Life.
