

# Echoes of the General Council

Number 83 - June 2014

*As previously announced, the General Council held its regular session of May and June in two phases, first from May 22 to 27, and then from June 9 to 27, 2014 at the Casa Generalizia.*

*In between, the Superior General participated in a part of the annual meeting of the Superiors General and then the closure of the 150th anniversary of the foundation of the Brothers mission in Haiti.*

*The Council took three days of reflection and relaxation at the monastery of St. Brigida de Farfa Sabina about 50 km from Rome. This time has been used to study the last document of the Congregation for Catholic Education entitled "Educating today and tomorrow, A Renewing Passion" and to make our contribution, as a congregation, to the next Congress on Education to be held in Rome in November 2015.*

This issue of *Echoes* conveys to the entire Congregation some information and the following decisions:

## 1. Animation of the Congregation

Since last March, the Superior General and the Assistants have visited several areas of the Congregation: the Province of Kenya-Tanzania, the communities of the Congo (DRC) area, those in USA, that of Huatusco in Mexico and the mission in South Sudan.

Moreover, Bro. Gerard BYARUHANGA chaired the Provincial Chapter of Canada. Brother Guillermo DÁVILA hosted several meetings of the Mennaisian Family in USA and Mexico. Brother Gildas PRIGENT visited the scholasticate in Kisubi.

Some aspects can be highlighted:

- In the Province of St. Michael the Archangel, educational works are numerous and growing steadily, despite too many small communities of Brothers. The Province has decided to strengthen them and give a better structure to the vocation ministry.
- Several construction projects of schools and communities are underway in Congo (DRC), demonstrating the dynamism of the new District.
- A group of lay Mennaisians has just started at Huatusco (Mexico); at Walsh (USA), the Mennaisian Family is getting organized and wants to grow. In many areas of the Congregation, some lay people are expecting more initiatives in relation to the Mennaisian Family. Initiatives are needed to create and strengthen links between Brothers and Lay persons locally and internationally.
- The scholasticate in Kisubi is being reorganized so that the scholastics might attend classes at Kisubi Brothers University College while continuing their training at the scholasticate. This important change also aims to the academic validation of their studies.

## 1.1 The Accompanying of Provinces and Districts by the Brothers Assistant

---

The Superior General has made some changes in **the distribution of accompanying Brothers Assistant's tasks:**

- Brother Guillermo DÁVILA accompanies the communities of Spain-Chile-Bolivia, those of Argentina-Uruguay and the communities in Italy. He will also accompany the communities of **Haiti**.

## 1.2 The 2014-2015 (or 2015) Theme of the Year : « All of us are missionary disciples »

---

The first part of the theme of the year 2014-2015 (or 2015 in the areas where the school year begins in January) « **All of us are missionary disciples** » has reached the Major Superiors. The proposed materials are now at the disposal of the Provinces and Districts. During 2015, other proposals will be made in the framework of the Year of Consecrated Life.

## 1.3 Formation in the Congregation

---

To meet the expectations of the General Chapter on formation, the General Council has made the appointments of two commissions. These committees are responsible for supporting the work of animation of the Assistants in the field of initial and continuing trainings. ## 1.5 Meeting of the Major Superiors

The next meeting of the Major Superiors of the Congregation will be held in Rome, at the Casa Generalizia, **from 1 to 9 October 2014**.

This session will provide time for reflection and formation around a few key means made available to the Major Superior for the animation of his Province or District. It will also provide an update on the various initiatives launched to implement the General Chapter orientations. Meeting times on continental level will be provided to address specific issues in each area.

## 1.6 Meeting of the Mennaisian Family

---

A first meeting of Brothers and Lay persons was held in 2008 during which the Mennaisian Family was formed, based around a framework document. The General Council began the consideration of holding a new international meeting of the Mennaisian Family. It will be held **in August 2015 at Ploërmel**. This meeting will be an important moment in the life of the whole Mennaisian Family, in line with the last General Chapter.

During the next meeting in October, the Council will submit to the Major Superiors its various proposals on the theme of the meeting and its organization.

## 1.7 Economic Issues and Solidarity

---

### **The Financial Report of the General Treasurer:**

Brother Daniel BRIANT presented the accounts of Provinces and Vice-provinces. In March, the accounts of the General Administration and of the Generalate had already been approved.

Real progress has been made in several areas of the Congregation. However, some provinces are struggling to provide timely and in an accurate manner their annual accounts, in particular with regard to the balance sheet.

The passage of Vice-provinces to Districts will also require a more sustained support and an appropriate training of the treasurers of these areas by the General Treasurer.

### **Report on the Activities of Mr. Jean-François DUBOIS, from the Missionary Secretariat**

Mr. Jean-François DUBOIS has informed the Council of his visits made to various organizations since taking office. At first, he worked so as to know better the institutions and donors on the European continent. Noting the difficulty in obtaining funds for school constructions, Mr. DUBOIS stressed the importance of sharing information with the Congregation about the various possibilities of funding obtained by each other.

A specific point has been made on some of the results already obtained especially for the mission in South Sudan and the dossiers to the donor agencies. The next contacts will be made with the American agencies.

### 1.8 Information and Communication

---

The General Council exchanged with Mr. Michel TANGUY, director of the information, on the following questions :

- The presentation of the summary of possible future issues of *La Mennais Magazine*, in particular special numbers (published in December of each year) which take greater account of the yearly theme.
- The renewal of the model of the *La Mennais Magazine* review which has occurred since the publication of Issue 22.
- The question of the Website of the Congregation ([www.lamennais.org](http://www.lamennais.org)).
- The next meeting of the Committee of Information will be held at La Prairie, Canada from October 24 to 28.
