News from the Postulation

❖ Currently, the postulation continues the study of the dossier of the healing of the little Josette Poulain of Combourg that took place in 1955. Following the submission of the dossier to the Congregation for the cause of the Saints, the officials sent this dossier to two Doctors for the first consultation. The point of view of these Doctors will determine whether it is worth the pain to start the processes of recognition of the healing as extraordinary.

❖ On the 27th September we received the first response from one of the Doctors. We are waiting for the second response. We will know what decision the Congregation of the cause of the Saints will take. It will not be long before!

❖ In the meantime, as the same Congregation advised, another Doctor is revisiting Enzo Carollo's dossier. On the other hand, we received from Canada, an announcement of a cure of a patient, recently obtained through the intercession of Jean-Marie de la Mennais. We expect a detailed report.

We exhort you all to manifest an unshakable and filial confidence in the intercession of Father Jean-Marie de la Mennais. On the other hand we ask the "Mennaisian Relais" to send out prayer intentions and raise the obtained favours, as well as the initiatives taken during the Novenas and celebrations in all the parts of the Congregation.

The Postulator, Bro. Dino De Carolis.
